PREFACE

(Furnished by Chamber of Commerce.)

A city strategically situated on the Cape Fear River, blessed by nature with a variety of resources and kept up-to-date by the hand of man. It possesses both trunk line rail and deep water transportation, which gives it low freight rates and permits quick freight movements in great volume.

It is both important as a port and an industrial city, while it is the pivotal point for a rich and large agricultural area, and is the trading center for fully 350,000 people, the city being their nearest, as well as largest market.

As a port, it possesses a fresh water harbor 28 miles from the bar. Ice is an unknown quantity in the river, which has a deep water channel, up and down which go big ocean steamers, bound for Europe, Latin America and other foreign shores.

Its exportations and importations are large and ever growing, which mark a successful port. As a cotton port it yearly sends forth approximately two hundred thousand bales per year, and this record is evidently going to be surpassed. Its imports cover a large field in variety and come from practically every quarter of the globe.

Within the past year or two the population of Wilmington has increased in a tremendous way, and it is now a city of about 40,000 population, housed in comfortable homes. To accommodate the increasing population not only have individuals built homes, but the citizens formed what is known as the Victory Home Company, with an authorized capital of a million dollars and PAID IN OF $250,000.00 to erect houses, which object has been successfully carried out.

Regardless of conditions following the war the year 1923 has already witnessed preparations for big building operations. Among recent enterprises located here are several large new fertilizer factories, a large readi-cut house plant of the Aladdin Company, the Atlantic Refining Company, the Galena Signal Oil Company, the American Molasses Company, Wilmington Wood Products Co., Southland Mfg. Co., Weller Pickle Co., Wilmington Stove Corp., Dupont Nitrates Co., W. R. Grace & Company and others, thus supplementing the city's already large number of such industries.

The natural gateway of North and South Carolina, intermediate between the whole territory and Richmond.

Wilmington is North Carolina's seaport city, the gateway of her commerce and trade. North Carolina is a vast State in area, larger than New York or Pennsylvania, and almost as large as New England. Wilmington is the natural distributing point for North Carolina and parts of South Carolina and Georgia. Think what it would mean if all of New England had only one such distributing seaport, and it will then be realized why Wilmington must grow and is growing to meet the demands of this vast territory whose bountiful natural resources have hardly been touched.

From the Middle West the Panama Canal is in more direct com-

munication via Wilmington than by any other South Atlantic seaport, and cargoes to and from Wilmington will not be subject to the dangers of Cape Hatteras.

Wilmington is the center of the greatest vegetable producing district in the United States. A few years ago no strawberries were raised except for domestic use; now WILMINGTON IS THE CENTRE OF LARGEST STRAWBERRY RAISING DISTRICT IN THE WORLD. It is the LARGEST LETTUCE PRODUCING DISTRICT IN THE WORLD, and next to the largest peanut market.

Wilmington's outlets by rail and water are the Atlantic Coast Line and Seaboard Air Line systems, Wilmington, Brunswick and Southern Railway, the Clyde Steamship Line to New York and the Carolina Company, operating foreign freight service.

Wilmington has a wonderful climate; no extreme heat or extreme cold. Average summer temperature, 78 degrees; average winter temperature, 48 degrees. The normal rainfall is 51.05 inches, average annual clear days, 132 (New York, rainfall 44 inches; clear days, 118; New Orleans, rainfall 57 inches; clear days, 109). The mild climate and diversified opportunities make this city and section a haven for homeseekers.

The Wilmington district is one of the greatest trucking regions in the United States, and the yield for this early crop reaches the sum of nearly fifteen million annually.

Nearest Atlantic port to the Ohio gateways, and nearer Cincinnati than Charleston by fifteen miles and Savannah by thirty miles.

One of the largest distributing points south of Baltimore for products of the Standard Oil Company.

Has immense terminals that can load sixteen ocean-going ships at one time, providing them with over 600,000 square feet of warehouse space.

In the war had two immense shipyards, properties having been converted into industrial and civil uses. Had the honor of possessing the only Government-owned steel shipyard in South, and first Government-owned concrete yard in country.

The commerce on the Cape Fear river at and below Wilmington in 1925-6 averaged approximately 800,000 tons, with valuation of more than 67,000,000.

South of Hatteras, thus assuring safety to vessels from Latin America and other countries to the south of the United States, and occupies strategic position of advantage to such countries.

River never has ice, which permits year 'round navigation, and climate is never too cold to make work outdoors a hardship or discomfort.

Has many fertilizer factories, petroleum products terminals, lumber plants and a number of fish factories, employing thousands of men.

Has handsomest custom house in the South, the cost of which was more than $700,000.

Next terminal of inland waterway canal, this link being from Beaufont to the Cape Fear river. Board of Engineers has recommended extension, work on which will start at once.

24545

Wilmington has two immense cotton compresses and a marine railway. The steel shipyard operated during the war by the George A. Fuller Company is being converted into an industrial centre. The concrete shipyard property is owned by the city and will be developed into municipal wharves and public terminals and warehouses. This has been offered the State of North Carolina as a location for State-owned terminals and warehouses.

With both water and rail transportation, thus affording quick hauls and low freight rates, and near the scenes of raw material, Wilmington is a splendid spot for manufacturing industries. Two big railroad systems—the Atlantic Coast Line and Seaboard Air Line—place the city near the great coal fields and the iron producing zones.

Wilmington has manufacturing plants of many kinds, cotton, garment mills, wood and metal works, cement concerns, cotton factories, candy factories, readi-cut house plant, modern machine shops, many big fertilizer factories, saw mills, oil stations, etc.

Two packing plants are located here. One, costing half million dollars, with a slaughtering capacity of one thousand hogs per day, is now complete and ready for operation.

Second distributing point for fertilizer in the South. Has many immense fertilizer factories and two others have recently been built.

Leading banking center of State, its banks having total resources of approximately, $28,000,000. Growing steadily all the time.

Jobbing business goes over $80,000,000 annually, and retail merchants do wide business, as city is trading mecca for a section of over 350,000 people.

City of big weekly pay rolls. Annual pay rolls upward of $13,000,000, distributed among thousands of employes.

Headquarters of Atlantic Coast Line System, employing about fifteen hundred men and women. Monthly pay roll of Coast Line nearly $400,000.

Wonderful all year round climate and a health record praised by the United States Government.

The Wilmington section has crop growing days to the number of 250, which is the equal of Northern Mexico, though with the advantage of an ample and equitable rainfall.

Wilmington is terminus of six major highways of North Carolina's splendid good road system, and the city is also an important point on the Atlantic Coastal Highway extending from Portland, Maine, to Miami, Fla., and the Calhoun Highway from Athens, Ga., to the ocean at Wilmington.

City of fine streets, beautiful homes, great churches and modern schools. In a county netted by good roads, the superior not to be found anywhere.

Place of modern amusements, with best beach resorts on South Atlantic Coast within thirty minutes' ride of the city.

Most popular beaches on South Atlantic, almost on threshold of city.

A metropolis with a Chamber of Commerce aroused to the city's great advantages and eager to answer all questions and extend hearty co-operation. Write the Chamber of Commerce for any information desired.

INDEX TO ADVERTISERS

Reference is especially invited to the following alphabetical list of responsible, enterprising, advertising business men. The more you patronize them the better we can make the Wilmington City Directory; your attention is also invited to the names in DISPLAY BLACK TYPE throughout the book of those who take pride in sustaining the city directory, and who do not borrow their neighbor's directory.

General Offices: 524-528 Broadway, Corner Spring St., New York City

The Association of North American Directory Publishers is composed of rep table City Directory Publishers, organized for the general advancement of the Directory business Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First: The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second: To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third: To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth: For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this Association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories and reference media contain; to study public needs and make Directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the Directory and reference media be made to serve their fullest use as business and social reference books and Directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicly upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories and reference media in public service and then to strive in every legitimate way to promote that function.

$100 reward will be paid by the association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.

BACTERIOLOGICAL ANALYSIS

Duplicate Samples

	No. 1	No. 2	Ave.
Total Bacteria per cc at 37° C	0	2	1
Total Bacteria per cc at 20° C	3	2	3
B. Coli in 10 CC	Absent	Absent	Absent

SANITARY CHEMICAL ANALYSIS

Results in Parts Per Million

Color	2	Lime as CaO	1.68
Turbidity	0	Magnesium as MgO	1.81
Odor	None	Alkalinity as $CaCo_3$	5
		Chlorine as Cl	1
Free Ammonia as N	0.082	Sulphate as SO_3	Traces
Albuminoid Ammonia as N	0.098		
Nitrite nitrogen	0.0	Total Solids	9
Nitrate nitrogen	0.40	Loss on Ignition	4
Iron as Fe	0.26		

Note.—All calculations based on the melted ice at 15.50° centograde.

The above analysis indicates that the ice examined was of excellent sanitary quality.

GEORGE D. NORCOM,
Sanitary Engineer.

MORE GOODS
ARE BOUGHT AND SOLD
THROUGH THE
CLASSIFIED BUSINESS LISTS
OF THE
DIRECTORY
THAN
ANY OTHER MEDIUM
ON EARTH

WHY

Do 90 per cent of the advertisers in this city catalogue renew their advertisements year after year?

BECAUSE

They believe in service and wish to make it easier for the BUYER to find them.

Advertising Wilmington

Do you know that a copy of this Directory of Wilmington is being placed in the Directory libraries and among the commercial bodies, Business Men's Clubs, Chambers of Commerce and the larger business institutions throughout the United States?

No other medium on earth can convey so complete and comprehensive an index of the city, its various industries, its business, educational and religious institutions, its social life and its people.

No other medium can tell so fully of its wonderful growth, its opportunities and its possibilities for the future.

The publishers are doing everything possible to make this Directory a representative city catalog of Wilmington. Are you as prominently represented as you should be?

Advertising Wilmington

Do you know that a copy of this Directory of Wilmington is being placed in the Directory libraries and among the commercial bodies, Business Men's Clubs, Chambers of Commerce and the larger business institutions throughout the United States?

No other medium on earth can convey so complete and comprehensive an index of the city, its various industries, its business, educational and religious institutions, its social life and its people.

No other medium can tell so fully of its wonderful growth, its opportunities and its possibilities for the future.

The publishers are doing everything possible to make this Directory a representative city catalog of Wilmington. Are you as prominently represented as you should be?

HILL DIRECTORY CO., Inc.

PUBLISHERS

P. O. Box 879 **RICHMOND, VA.**

Hill's Southern Almanac

1927

Published in December, 1926

Covering Virginia and North Carolina with unrivaled weather predictions for over thirty-four years.

Sold in quantity lots, your advertisement occupying outside back cover, for distribution to your trade—chiefly to the farmer, interesting his whole family.

Do you cater to the country people? No better medium known. Rates gladly furnished.

THE BUYING GUIDE OF WILMINGTON'S WORTH WHILE HOMES

Wilmington Morning Star

North Carolina's Oldest Daily

Member A. B. C.

Only Paper in Wilmington with Full Leased Wire of Associated Press

ALL THE NEWS---ALL THE TIME

DELIVERED BY CARRIER IN WILMINGTON AND SUBURBS DAILY AND SUNDAY

20c per Week

AND WORTH IT

Preferred, Because—

The Wilmington Morning Star carries full Associated Press dispatches, with complete local and State news service, and exclusive features.

Indispensable to Advertisers in Covering Wilmington and Surrounding Territory

Read and appreciated by most of the best families who have incomes above the average.

The Star reaches the actual buying power in this territory—hence the results—the ability to sell goods.

THE NEWSPAPER THE PEOPLE TRUST
